   3.5.1 offering a regulatory penalty to a Member; and
   3.5.2 referring of a Member to a Regulatory Committee.

4. REGULATORY PENALTIES

4.1 The Committee may propose a regulatory penalty to the Member concerned if it is satisfied that the following conditions are met:
   4.1.1 the Member is in breach of these Regulations;
   4.1.2 the Committee determines that the breach concerned does not of itself involve conduct calling in question the fitness and propriety of the Member concerned; and
   4.1.3 the Member concerned accepts the fact of the breach.

4.2 The Committee shall determine the amount of the proposed regulatory penalty. The proposal and the amount shall be notified to the Member concerned.

4.3 The Member concerned shall respond to the Committee in writing within ten business days of its delivery by the Committee to confirm whether or not the regulatory penalty is accepted.

4.4 A Member may make representations to the Committee concerning the amount of a proposed regulatory penalty. The Committee shall take account of these representations and may vary the amount accordingly.

4.5 If a Member accepts a proposed regulatory penalty, the penalty shall be payable within ten business days of that acceptance, or within such longer period as the Committee may specify or agree.

4.6 If a Member to whom a proposal for a regulatory penalty has been made:
   4.6.1 does not accept that a relevant breach has occurred;
   4.6.2 does not accept the proposal for a regulatory penalty;
   4.6.3 does not respond to the proposal for a regulatory penalty within the stated timescale; or
   4.6.4 does not meet the terms of the regulatory penalty within the stated timescale,
   the Committee shall refer the Member to the Investigation Committee.
5. PUBLICATION OF DECISIONS

5.1 The Committee shall have the power to publish any decision made in terms of these Regulations, in such manner as the Committee sees fit.

6. WAIVER

6.1 The Committee may alter the requirements of these Regulations in order to adapt them to the particular circumstances of a Member if the Committee considers that:

6.1.1 complying with the relevant requirements would be too burdensome for the Member compared to any benefit which compliance might bring; and

6.1.2 altering the requirements of these Regulations would not result in any undue risk to the public interest.
